MAY 24, 2011.—Referred to the House Calendar and ordered to be printed

Mr. BISHOP of Utah, from the Committee on Rules,
submitted the following

R E P O R T

[To accompany H. Res. 276]

The Committee on Rules, having had under consideration House Resolution 276, by a nonrecord vote, report the same to the House with the recommendation that the resolution be adopted.

SUMMARY OF PROVISIONS OF THE RESOLUTION

The resolution provides for further consideration of H.R. 1540, the National Defense Authorization Act for Fiscal Year 2012, under a structured rule. No further general debate shall be in order. The resolution provides that the amendment in the nature of a substitute recommended by the Committee on Armed Services now printed in the bill shall be considered as an original bill for the purpose of amendment and shall be considered as read. The resolution waives all points of order against the committee amendment in the nature of a substitute. The resolution further makes in order only those amendments printed in this report and amendments en bloc described in section 3 of the resolution. The amendments made in order may be offered only in the order printed in this report, may be offered only by a Member designated in this report, shall be considered as read, shall be debatable for the time specified in this report equally divided and controlled by the proponent and an opponent, shall not be subject to amendment, and shall not be subject to a demand for division of the question in the House or in the Committee of the Whole. All points of order against the amendments printed in this report or against amendments en bloc described in section 3 of this resolution are waived. Section 3 of the resolution provides that the chairman of the Committee on Armed Services or his designee may offer amendments en bloc consisting of those amendments printed in this report and not earlier dis-

posed of. Amendments en bloc shall be considered as read, shall be debatable for 20 minutes equally divided and controlled by the chairman and ranking minority member of the Committee on Armed Services or their designees, shall not be subject to amendment, and shall not be subject to a demand for division of the question in the House or in the Committee of the Whole. The original proponent of an amendment included in an amendment en bloc may insert a statement in the *Congressional Record* immediately before the disposition of such amendment en bloc. Finally, the resolution provides one motion to recommit with or without instructions.

EXPLANATION OF WAIVERS

The resolution waives all points of order against the committee amendment in the nature of a substitute. The waiver includes a waiver of Clause 4 of Rule XXI, which prohibits reporting a bill or joint resolution carrying an appropriation from a committee not having jurisdiction to report an appropriation. Section 363 of the bill includes language regarding deposit of reimbursed funds under Reciprocal Fire Protection Agreements, which constitutes an appropriation; therefore, this waiver is necessary.

The waiver also includes a waiver of Section 303 of the Congressional Budget Act of 1974, which prohibits the consideration of legislation providing new budget authority, changes in revenues, changes in public debt, new entitlement authority, or new credit authority for a fiscal year until the budget resolution for that year has been agreed to. While the House has adopted, H. Con. Res. 34, the Senate has failed to act on a budget resolution and therefore this waiver is necessary.

Although the resolution waives all points of order against amendments printed in this report or against amendments en bloc described in section 3 of the resolution, the Committee is not aware of any points of order against such amendments. The waivers of all points of order are prophylactic.

The results of each record vote on an amendment or motion to report, together with the names of those voting for and against, are printed below:

SEC. 1078. REPORT ON CERTAIN UNNECESSARY OR UNWANTED DEPARTMENT OF DEFENSE PROGRAMS.

(a) FINDINGS.—Congress makes the following findings:

(1) On March 31, 2011, Secretary of Defense Gates testified before the Armed Services Committee of the House of Representatives that the initial cost of United States operations in Libya was approximately \$550,000,000 and was estimated to cost an additional \$40,000,000 a month after that.

(2) Secretary Gates testified that he was unaware of what the total cost of United States assistance to Japan would be in the aftermath of the earthquake, tsunami, and Fukushima Daiichi incident, but indicated it would be less than \$500,000,000.

(3) Secretary Gates testified that the Department of Defense would not need to ask for more money to cover these costs within the Overseas Contingency Operations accounts because “There’s several billion dollars in there we can move around. . .that would cover these costs. . .things that we don’t need or want.”

(b) DETERMINATION.—Not later than 30 days after the date of the enactment of this Act, the Secretary of Defense shall determine and make publically available the programs funded through the Overseas Contingency Operations accounts during the five-year pe-

(c) REPORT.—Not later than 120 days after the date of the enactment of this Act, the Secretary of Defense shall submit to the Committees on Armed Services of the Senate and House of Representatives a report that contains the results of the determination required by subsection (b). Such report shall include—

SEC. 1099C. OFFICIAL RECOGNITION OF SALEM, MASSACHUSETTS, AS THE BIRTHPLACE OF THE NATIONAL GUARD OF THE UNITED STATES.

(a) FINDINGS.—Congress makes the following findings:

- (1) In 1629, Captain John Endicott organized the first militia in the Massachusetts Bay Colony in Salem.
- (2) The colonists had adopted the English militia system, which required all males between the ages of 16 and 60 to possess arms and participate in the defense of the community.
- (3) In 1636, the Massachusetts General Court ordered the organization of three militia regiments, designated as the North, South, and East regiments.
- (4) These regiments drilled once a week and provided guard details each evening to sound the alarm in case of attack.
- (5) The East Regiment, the predecessor of the 101st Engineer Battalion, assembled as a regiment for the first time in 1637 on the Salem Common, marking the beginning of the Massachusetts National Guard and the National Guard of the United States.
- (6) Since 1785, Salem's own Second Corps of Cadets (101st and 102nd Field Artillery) has celebrated the anniversary of that first muster.
- (7) As the policy contained in section 102 of title 32, United States Code, clearly expresses, the National Guard continues its historic mission of providing units for the first line defense of the United States and current missions throughout the world.
- (8) The designation of the City of Salem, Massachusetts, as the Birthplace of the National Guard of the United States will contribute positively to tourism and economic development in the city, create jobs, and instill pride in both the local and State communities.

(b) RECOGNITION.—Section 102 of title 32, United States Code, is amended—

SEC. 1099C. SENSE OF CONGRESS REGARDING THE RECOVERY OF THE REMAINS OF CERTAIN MEMBERS OF THE ARMED FORCES KILLED IN THURSTON ISLAND, ANTARCTICA.

Congress makes the following findings:

(1) Commencing August 26, 1946, though late February 1947 the United States Navy Antarctic Developments Program Task Force 68, codenamed “Operation Highjump” initiated and un-

dertook the largest ever-to-this-date exploration of the Antarctic continent.

(2) The primary mission of the Task Force 68 organized by Rear Admiral Richard E. Byrd Jr. USN, (Ret) and led by Rear Admiral Richard H. Cruzen, USN, was to do the following:

(A) Establish the Antarctic research base Little America IV.

(B) In the defense of the United States of America from possible hostile aggression from abroad—to train personnel test equipment, develop techniques for establishing, maintaining and utilizing air bases on ice, with applicability comparable to interior Greenland, where conditions are similar to those of the Antarctic.

(C) Map and photograph a full two-thirds of the Antarctic Continent during the classified, hazardous duty/volunteer-only operation involving 4700 sailors, 23 aircraft and 13 ships including the first submarine the U.S.S. Sennet, and the aircraft carrier the U.S.S. Philippine Sea, brought to the edge of the ice pack to launch (6) Navy ski-equipped, rocket-assisted R4Ds.

(D) Consolidate and extend United States sovereignty over the largest practicable area of the Antarctic continent.

(E) Determine the feasibility of establishing, maintaining and utilizing bases in the Antarctic and investigating possible base sites.

(3) While on a hazardous duty/all volunteer mission vital to the interests of National Security and while over the eastern Antarctica coastline known as the Phantom Coast, the PBM-5 Martin Mariner “Flying Boat” “George 1” entered a whiteout over Thurston Island. As the pilot attempted to climb, the aircraft grazed the glacier’s ridgeline and exploded within 5 seconds instantly killing Ensign Maxwell Lopez, Navigator and Wendell “Bud” Hendersin, Aviation Machinists Mate 1st Class while Frederick Williams, Aviation Radioman 1st Class died several hours later. Six other crewmen survived including the Captain of the “George 1’s” seaplane tender U.S.S. Pine Island.

(4) The bodies of the dead were protected from the desecration of Antarctic scavenging birds (Skuas) by the surviving crew wrapping the bodies and temporarily burying the men under the starboard wing engine nacelle.

(5) Rescue requirements of the “George-1” survivors forced the abandonment of their crewmates’ bodies.

(6) Conditions prior to the departure of Task Force 68 precluded a return to the area to the recover the bodies.

(7) For nearly 60 years Navy promised the families that they would recover the men: “If the safety, logistical, and operational prerequisites allow a mission in the future, every effort will be made to bring our sailors home.”

(8) The Joint POW/MIA Accounting Command twice offered to recover the bodies of this crew for Navy.

(9) A 2004 NASA ground penetrating radar overflight commissioned by Navy relocated the crash site three miles from its crash position.

(10) The Joint POW/MIA Accounting Command offered to underwrite the cost of an aerial ground penetrating radar (GPR) survey of the crash site area by NASA.

(11) The Joint POW/MIA Accounting Command studied the recovery with the recognized recovery authorities and national scientists and determined that the recovery is only “medium risk”.

(12) National Science Foundation and scientists from the University of Texas, Austin, regularly visit the island.

(13) The crash site is classified as a “perishable site”, meaning a glacier that will calve into the Bellingshausen Sea.

(14) The National Science Foundation maintains a presence in area - of the Pine Island Glacier.

(15) The National Science Foundation Director of Polar Operations will assist and provide assets for the recovery upon the request of Congress.

(16) The United States Coast Guard is presently pursuing the recovery of 3 WWII air crewmen from similar circumstances in Greenland.

(17) On Memorial Day, May 25, 2009, President Barak Obama declared: “. . . the support of our veterans is a sacred trust . . . we need to serve them as they have served us . . . that means bringing home all our POWs and MIAs . . .”

(18) The policies and laws of the United States of America require that our armed service personnel be repatriated.

(19) The fullest possible accounting of United States fallen military personnel means repatriating living American POWs and MIAs, accounting for, identifying, and recovering the remains of military personnel who were killed in the line of duty, or providing convincing evidence as to why such a repatriation, accounting, identification, or recovery is not possible.

(20) It is the responsibility of the Federal Government to return to the United States for proper burial and respect all members of the Armed Forces killed in the line of duty who lie in lost graves.

(b) SENSE OF CONGRESS.—In light of the findings under subsection (a), Congress—

(1) reaffirms its support for the recovery and return to the United States, the remains and bodies of all members of the Armed Forces killed in the line of duty, and for the efforts by the Joint POW/MIA Accounting Command to recover the remains of members of the Armed Forces from all wars, conflicts and missions;

(2) recognizes the courage and sacrifice of all members of the Armed Forces who participated in Operation Highjump and all missions vital to the national security of the United States of America;

(3) acknowledges the dedicated research and efforts by the US Geological Survey, the National Science Foundation, the Joint POW/MIA Accounting Command, the Fallen American Veterans Foundation and all persons and organizations to identify, locate, and advocate for, from their temporary Antarctic grave, the recovery of the well-preserved frozen bodies of Ensign Maxwell Lopez, Naval Aviator, Frederick Williams,

SEC. 1043. NATIONAL SECURITY PLANNING GUIDANCE TO DENY SAFE HAVENS TO AL-QAEDA AND ITS VIOLENT EXTREMIST AFFILIATES.

(a) PURPOSE AND FINDINGS.—

(1) PURPOSE.—The purpose of this section is to improve interagency strategic planning and execution to more effectively integrate efforts to deny safe havens and strengthen at-risk states to further the goals of the National Security Strategy related to the disruption, dismantlement, and defeat of al-Qaeda and its violent extremist affiliates.

(2) FINDINGS.—Congress makes the following findings:

(A) In Iraq, Afghanistan, and other areas where stabilization operations are carried out, the lack of an integrated, coordinated planning effort in which the goals, objectives, and priorities of the United States effort and the roles and missions of the various agencies of the United States were clearly delineated has hampered the efforts of the United States in such operations and may have contributed to increased costs in funding, time, effort, and other terms.

(B) The fight against al-Qaeda and its violent extremist affiliates, and the threat to the United States by transnational terrorism, will continue for the foreseeable future.

(C) A key component of success in the struggle against al-Qaeda and its violent extremist affiliates is the ability to deny safe havens to al-Qaeda, its violent extremist affiliates, and other violent extremist organizations, and United States national security interests will sometimes require the United States to assist in building the capabilities of other countries and entities to deny such violent extremist organizations safe havens and to participate in regional efforts to deny such violent extremist organizations safe havens.

(b) NATIONAL SECURITY PLANNING GUIDANCE.—

(1) GUIDANCE REQUIRED.—The President shall issue classified or unclassified national security planning guidance in support of objectives stated in the national security strategy report submitted to Congress by the President pursuant to section 108 of the National Security Act of 1947 (50 U.S.C. 404a) to deny safe havens to al-Qaeda and its violent extremist affiliates and to strengthen at-risk states. Such guidance shall serve as the strategic plan that governs United States and coordinated international efforts to enhance the capacity of governmental and nongovernmental entities to work toward the goal of eliminating the ability of al-Qaeda and its violent extremist affiliates to establish or maintain safe havens.

(2) CONTENTS OF GUIDANCE.—The guidance required under paragraph (1) shall include each of the following:

(A) A prioritized list of specified geographic areas that the President determines are necessary to address and an explicit discussion and list of the criteria or rationale used to prioritize the areas on the list, including a discussion of the conditions that would hamper the ability of the United States to strengthen at-risk states or other entities in such areas.

(B) For each specified geographic area, a description, analysis, and discussion of the core problems and contributing issues that allow or could allow al-Qaeda and its violent extremist affiliates to use the area as a safe haven from which to plan and launch attacks, engage in propaganda, or raise funds and other support, including any ongoing or potential radicalization of the population, or to use the area as a key transit route for personnel, weapons, funding, or other support.

(C) A list of short-term, mid-term, and long-term goals for each specified geographic area, prioritized by importance.

(D) A description of the role and mission of each Federal department and agency involved in executing the guidance, including the Departments of Defense, Justice, Treasury, and State and the Agency for International Development.

(E) A description of gaps in United States capabilities to meet the goals listed pursuant to subparagraph (C), and the extent to which those gaps can be met through coordination with nongovernmental, international, or private sector organizations, entities, or companies.

(3) REVIEW AND UPDATE OF GUIDANCE.—The President shall review and update the guidance required under paragraph (1) as necessary. Any such review shall address each of the following:

(A) The overall progress made toward achieving the goals listed pursuant to paragraph (2)(C), including an overall assessment of the progress in denying a safe haven to al-Qaeda and its violent extremist affiliates.

(B) The performance of each Federal department and agency involved in executing the guidance.

(C) The performance of the unified country team and appropriate combatant command, or in the case of a cross-border effort, country teams in the area and the appropriate combatant command.

(D) Any addition to, deletion from, or change in the order of the prioritized list maintained pursuant to paragraph (2)(A).

(4) SPECIFIED GEOGRAPHIC AREA DEFINED.—In this subsection, the term “specified geographic area” means any country, subnational territory, or region—

(A) that serves or may potentially serve as a safe haven for al-Qaeda or a violent extremist affiliate of al-Qaeda—

(i) from which to plan and launch attacks, engage in propaganda, or raise funds and other support; or

(ii) for use as a key transit route for personnel, weapons, funding, or other support; and

(B) over which one or more governments or entities exert insufficient governmental or security control to deny al-Qaeda and its violent extremist affiliates the ability to establish a large scale presence.

(5) SUBMITTAL TO CONGRESS.—Not later than 15 days after the President issues the guidance required under paragraph (1) or reviews or updates such guidance under paragraph (3), the President shall submit to the Committees on Armed Services and Foreign Affairs of the House of Representatives and the Committees on Armed Services and Foreign Relations of the Senate a copy of such guidance.

(c) IMPLEMENTATION.—

(1) MEMORANDUM OF UNDERSTANDING REQUIRED.—The head of each agency listed in the national security planning guidance required under subsection (b) shall enter into a memorandum of understanding regarding matters related to the implementation of such guidance.

(2) MATTERS COVERED.— The memorandum of understanding required by paragraph (1) shall include each of the following:

(A) An identification of the positions supplied by each department or agency to country teams or teams and the appropriate combatant command in each specified geographic area that are critical for carrying out the national security planning guidance.

(B) The criteria used by each department or agency for the selection of appropriate personnel to fill the positions identified as critical pursuant to subparagraph (A), including the manner of soliciting the input from other departments and agencies regarding appropriate personnel and expertise.

(C) The manner in which performance in furtherance of the national security planning guidance shall be considered in evaluating the performance of personnel designated to fill the positions identified as critical pursuant to subparagraph (A), including the consideration of input from personnel from other departments and agencies who filled senior positions on the country team or relevant combatant command, in particular the appropriate United States ambassador.

(D) The manner for implementing lessons learned in the course of reviewing the performance of a country team or multiple country teams and relevant combatant command in the course of reviewing the national security planning guidance under subsection (b)(3).

(E) The manner in which disputes related to carrying out the national security planning guidance between members of the country team, the relevant combatant command, or departments and agencies shall be handled.

(3) IMPLEMENTATION OF MEMORANDUM OF UNDERSTANDING.— Not later than 120 days after the memorandum of understanding required by paragraph (1) is signed, the heads of those departments and agencies listed in the national security planning guidance shall issue such policies and guidance and

prescribe such regulations as are necessary to implement the memorandum of understanding for the relevant matters pertaining to their respective departments and agencies.

(4) **UPDATE AND REVIEW.**—The memorandum of understanding as required under paragraph (1) shall be updated and reviewed as necessary, but at a minimum shall be reviewed with each review of the national security planning guidance under subsection (b)(3).

(3) Over the past few decades, the manufacturing industry of the United States and the jobs associated with it have suffered a dramatic decline as manufacturing processes have been outsourced to foreign nations.

(4) This decrease in domestic manufacturing capability has forced the Department of Defense to acquire supplies and materials necessary for the national defense from foreign companies and governments, thereby subjecting the critical defense needs of the United States to geopolitical forces beyond its control.
